

## Important Note for Category 'B' ADI's providing Essential Driver Training (EDT) Lessons.

Dear ADI

We have received a request to remind some ADI's and clarify the position in relation to EDT lesson records being returned to the RSA.

We are aware that many of you are managing this process very well and without any difficulties. The majority of you are already returning lesson records in a timely manner, via the spread sheets, issued for that purpose.

When you have sent back records showing that a learner has completed his her EDT lessons we take those records and use them to inform the driver testing section that a particular learner has completed his or her 12 EDT lessons. At that point that learner driver will be issued with a driving test appointment providing they have applied.

### **Please note**

Without confirmation of the 12 EDT lessons having been completed, a learner will not be offered a driving test appointment.

It is for that reason that we are asking ADI's to be prompt in returning their EDT training records.

The new on-line portal is now almost ready and you will receive further details of how to use this streamlined process shortly.

Once again thank you for your cooperation and apologies to those of you already making the record returns.

Breda Harney  
ADI Unit Manager
