You need to provide proof of residence in the following cases:

- You are the holder of an EU driving licence other than an Irish one; or
- You are applying for renewal of an existing Irish Driver Card and you currently hold an EU driving licence other than an Irish one.

Proof of residence can be a photocopy of:

- A PPSN letter issued by the Department of Social Protection; or
- A utility bill (electricity, gas or phone) or a bank statement issued to you at your current address and dated within three months of your application.

Supplying a photograph

If you are applying for your first **Digital Tachograph Driver Card**, you must provide a passport-size photograph signed and witnessed by a Garda. The Garda must also witness your signature – see sections 7 and 8 of this form. The Garda must stamp the form with the station stamp and this must be dated within three months of your application.

When you are **renewing** or **replacing** an existing Driver Card, you don't have to supply a new photograph, but you can if you want to. The photograph must be passport-size and must be witnessed and signed on the back by a Garda – see sections 7 and 8 of this form. The new photograph you provide will replace the one held on your file and shown on your Driver Card.

As an alternative to having your signature and photograph witnessed by a Garda, you can apply in person at the office of the RSA (address at the bottom of this page). In this case a member of RSA staff can witness your signature and photograph.

Payment

When the application is submitted by post, the fee for a Digital Tachograph Driver Card is €60. This must accompany your application in the form of a cheque, bank draft, money order or postal order made payable to the Road Safety Authority, or a completed credit or debit card payment instruction (see section 9 of this form).

When the application is submitted online, the fee for a Digital Tachograph Driver Card is €45. For more information about making your application online, see www.rsa.ie.
