Introduction

The 2021-2030 government Road Safety Strategy will feature three phases of action plans:

- Phase 1 Action Plan: 2021-2024
- Phase 2 Action Plan: 2025-2027
- Phase 3 Action Plan: 2028-2030

Each of these action plans will include actions under the seven Safe System priority intervention areas:

1. Safe roads and roadsides
2. Safe speeds
3. Safe vehicles
4. Safe road use
5. Post-crash response
6. Safe and healthy modes of travel
7. Safe work-related road use

The Phase 1 Action Plan (2021-2024) includes two types of road safety actions:

- High-impact actions
- Support actions

Both the high-impact actions and support actions are essential to improving road safety in Ireland, and achieving our ambitious Phase 1, 2030 and 2050 targets. Completion of all these crucial activities will be dependent on a number of critical success factors, including dedicated partnership-working and data sharing across our key stakeholders.

A key recommendation from the 2013-2020 Action Plan evaluation was that strategy actions be specifically designed to reduce fatalities and serious injuries, and that these actions should be measured and evaluated on their effectiveness in doing so.

High-impact actions include those that will have a direct impact on the reduction of deaths and serious injuries on Irish roads. Their effectiveness in doing so can be measured, and they are critical for governance activities and reporting.

Support actions focus more on providing an evidence-base, or smaller-scale activities, to supplement and enhance the effects of the high-impact actions and road safety more broadly. These support actions may also provide the foundation for new, high-impact actions for the Phase 2 Action Plan (2025-2027).

High Impact Actions

1. High Impact Actions

Safe System priority intervention area: safe roads and roadsides

Safe roads and roadsides involves the planning, design and operation of roads and roadsides and provides the framework for safe road and vehicle use.

The aim of this priority intervention area is to support correct road use through providing ‘self-explaining’ roads (i.e. roads that are easy to understand and use) and forgiving roadsides (i.e. roadsides that minimise the impact of collisions) so that if a collision occurs it does not lead to death or serious injury.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
1.	Develop and implement a safety rating indicator for national road infrastructure, which will help target investment on sections of national roads with the highest risk of fatal or serious injury.	Transport Infrastructure Ireland	CEO	Q4 2024	DoT
2.	Deliver an average of 60 road safety improvement schemes and fund an average of four minor realignment schemes on national roads per year, to create forgiving roadsides, self-explaining roads, and a safe environment for vulnerable road users.	Transport Infrastructure Ireland	CEO	Annual	CCMA / LA's
3.	Increase the length of divided roads on the National Primary Network from 1,310km (2020) to 1,366km (2024).	Transport Infrastructure Ireland	CEO	Q4 2024	CCMA / LA's
4.	Fund and implement a minimum of 150 low-cost safety schemes as identified by local authorities on the regional and local road network per year and progress the implementation of a minimum of 4 larger specific safety schemes per year.	Department of Transport, CCMA / LA's	Principal	Annual	-
5.	Over the period 2021 to 2025, 1,000km of segregated walking and cycling facilities will be constructed or under construction on the national, local, and regional road network, to provide safe cycling and walking arrangements for users of all ages.	National Transport Authority, CCMA / LA's, Department of Transport	CEO NTA, LA Chief Executive, DoT Principal	Q4 2024	-

Safe System priority intervention area: safe speeds

Safe speeds is a central element of the Safe System approach. It involves consideration of road and vehicle planning and design, the setting of injury-minimising speed limits, as well as public education and awareness, and the enforcement of these limits.

Successful Safe System approaches ensure that the set speed limits on parts of the network are not higher than the built-in protection provided by roads, roadsides and vehicles. Although collisions may still occur, they should not lead to death or serious injury.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
6.	Establish a working group to examine and review the framework for the setting of speed limits. As part of this review there will be a specific consideration of the introduction of a 30kph default speed limit in urban areas.	Department of Transport, Road Safety Authority	DoT Principal, Director - Road Safety, Research & Driver Education	Q4 2022	AGS, TII, CCMA / LA's, NTA
7.	Establish a task force to share data and information on speeding, make recommendations and urgently implement any further measures identified to reverse the trend of non-compliance.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Q4 2022	DoT, AGS, TII, CCMA / LA's
8.	Expand speed management measures on National, Regional and Local roads using Periodic Speed Limits at schools, Vehicle Activated Signs and Average Speed Cameras in collaboration with An Garda Síochána at appropriate high-risk locations.	Department of Transport, Transport Infrastructure Ireland, National Transport Authority	DoT Principal, CEO TII, CEO NTA	Q4 2024	CCMA / LA's, AGS, RSA
9.	Review the operation of the mobile safety camera system to maximise its effectiveness in detecting road traffic offences.	An Garda Síochána	Commissioner of An Garda Síochána	Annual	RSA, CCMA / LA's
10.	Deliver public education on inappropriate and excessive speeding in conjunction with An Garda Síochána to improve speed compliance on all roads with a particular emphasis on regional roads and in urban areas for the protection of vulnerable road users.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Annual	AGS, TII

Safe System priority intervention area: safe vehicles

The safe vehicles element of the Safe Systems approach addresses the safety of road users both inside and outside the vehicle through legislative standards, consumer information, public procurement and industry initiatives.

It includes measures to help avoid a collision and to mitigate the severity of a collision before it occurs. It also involves measures to reduce injury in the event of a collision and to reduce the consequences of injury. Of particular relevance here is the EU General Safety Regulation (GSR) which introduces safety requirements for new vehicles coming into effect from 2022.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
11.	Prioritise lifesaving technologies associated with General Safety Regulation (GSR) including Intelligent Speed Assistance (ISA), direct vision for commercial vehicles, Event Data Recorder (EDR) by active participation and influencing at EU and UN level and promote early adoption at EU and national level.	Road Safety Authority	Director - Vehicle Standards & Enforcement	Annual	DoT, United Nations Expert Group, European Commission
12.	Develop and agree a national strategy for the introduction of Connected and Automated Mobility (CAM) and make recommendations.	Department of Transport	Principal	Q4 2023	RSA, TII, CCMA / LA's, NTA, DETE, DECC, EI, Industry
13.	Trial the retrofit of an Advanced Driver Assist System (ADAS) with selected road user groups to establish the road safety benefits of a broader retrofit scheme.	Road Safety Authority	Director - Vehicle Standards & Enforcement	Q4 2023	Insurance Ireland

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
14.	<p>Develop a comprehensive communications programme to inform and influence the public and stakeholders on the purchase of new and used vehicles including:</p> <ul style="list-style-type: none"> ■ Promotion of Euro NCAP 5-star rating as a key determinant when purchasing or leasing a vehicle, ■ Promote and educate on new technologies in vehicles such as: eCall, Automatic Anti-lock Braking System (ABS), Emergency Stopping, Lane Departure, and ■ Provision of an online facility to check NCT or CVRT vehicle test history. 	Road Safety Authority	Director - Vehicle Standards & Enforcement, Director Road Safety, Research & Driver Education	Annual	SIMI
15.	Work with Insurance Ireland to publish a study on the road safety impact of black box technology in the Irish market to promote potential wider uptake of this technology.	Road Safety Authority	Director - Vehicle Standards & Enforcement	Q4 2024	Insurance Ireland, Insurance Industry, AGS

Safe System priority intervention area: safe road use

Safe road use incorporates a wide range of safety behaviours such as compliance with the posted speed limit, driving without impairment (due to alcohol, drugs, fatigue or distraction), helmet wearing, seat belt wearing and correct use of child restraints.

It involves setting road user standards (e.g., driver training and licensing requirements), developing traffic legislation and implementing targeted enforcement. It also includes public education and awareness campaigns and harnessing the benefits of safety technologies so that we share our roads safely, mitigating the risk of fatalities and serious injuries.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
16.	Continued concentration on the enforcement of key lifesaver offences such as speeding, distracted driving, non-wearing of seatbelts, intoxicated driving and poor driver behaviour including activities designed to protect vulnerable road users.	An Garda Síochána	Commissioner of An Garda Síochána	Annual	RSA, CCMA / LA's, TII, NTA, MBRS
17.	Continue to deprive criminals use of the road network through high-visibility policing and intelligence-led enforcement operations.	An Garda Síochána	Commissioner of An Garda Síochána	Annual	DoJ, DoT, MBRS, RSA
18.	Agree cross organisational legislative programme supporting the introduction of the primary legislation required to underpin the actions in the Road Safety Strategy.	Government, Department of Transport	DoT Principal	Ongoing	RSA, AGS, HSA, Stakeholders
19.	Identify the necessary resources and path to consolidate road traffic legislation.	Department of Transport	Principal	Q2 2022	RSA
20.	Develop a mechanism to capture data on the contributory factors (e.g. speed, fatigue, intoxicants and mobile phone use) to serious injury road traffic collisions on an annual basis.	Road Safety Authority, An Garda Síochána	Director - Road Safety, Research & Driver Education, Commissioner of An Garda Síochána	Q4 2022	-

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
21.	Implement public education/awareness campaigns which target the main causal factors for deaths, and serious injuries, and target high-risk groups. Integrate these campaigns with the enforcement plans of both An Garda Síochána and the RSA.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Annual	AGS, MBRS, HSA
22.	Develop and implement a communications strategy and plan to raise awareness of the new Government Road Safety Strategy among stakeholders and the public. In particular to explain Safe System and enrol the public into the Vision Zero objective.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Q1 2022	AGS, TII, NTA, HSA, DoT, MBRS, NOTM, DoH, CCMA / LA's
23.	Establish a working group to consider and make recommendations for the implementation of an alcohol interlock programme, supported by a drink drive rehabilitation course in Ireland, for high-risk drink drive offenders.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Q4 2022	DoT, MBRS, NOTM, DoJ, AGS
24.	Review and update Impairment Testing used by An Garda Síochána and implement best practice Impairment Testing regime.	Medical Bureau of Road Safety	Director	Ongoing	AGS, DoT, RSA
25.	<p>Publish monthly the figures for enforcement activity focusing on the dangerous behaviours:</p> <ul style="list-style-type: none"> ■ Speeding ■ Seat belts ■ Mobile phones <p>Report monthly on the number of:</p> <ul style="list-style-type: none"> ■ Breath tests ■ Drug tests <p>administered at Mandatory Intoxicant Testing (MIT) checkpoints and the results.</p>	An Garda Síochána	Commissioner of An Garda Síochána	Monthly	-

26.	Maintain a dedicated Roads Policing capacity with focus on road safety within An Garda Síochána and report annually on the number of Gardaí assigned to Roads Policing Units on a regional basis.	An Garda Síochána	Commissioner of An Garda Síochána	Annual	RSA, CCMA / LA's, TII, NTA, MBRS, HSA
27.	Eliminate the incidence of unaccompanied learner permit drivers. Reduce the number of learner car drivers who hold a third or subsequent learner permit from 24.6% to a maximum of 10% by 2024.* This will involve a number of actions including: <ul style="list-style-type: none"> ■ Establishing a working group to review the learner driver process with a particular focus on the elimination of learner drivers driving unaccompanied and make recommendations, ■ Changing legislation to introduce additional measures to promote taking of the driving test by multiple learner permit holders and give consideration to introducing mandatory driver training for this. 	Road Safety Authority	Director - Driver Testing & Licensing	Q4 2024	DoT, AGS
28.	Examine the possibility of introducing a Hazard Perception Test (HPT) and integrate it into the Driver Theory Test.	Road Safety Authority	Director - Driver Testing & Licensing	Q2 2024	DoT, Outsourced Delivery Partner
29.	Explore the potential of an online portal for road users to upload footage of road traffic offences which could assist in prosecution.	An Garda Síochána	Commissioner of An Garda Síochána	Q4 2022	-

*Currently (August 2021) this stands at 24.6%

30.	Review the penalties for serious road traffic offences including the following: impaired driving, speeding, mobile phone use, non-wearing of seat belts, carrying unrestrained children in a vehicle.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Q4 2024	DoT
31.	Legislate for increased sanctions for polydrug and drug & alcohol use while driving.	Department of Transport	Principal	Q4 2024	MBRS
32.	Streamline and automate enforcement of Penalty Points from roadside capture via courts to update driver record.	Department of Transport, Road Safety Authority	DoT Principal, Director - Driver Testing & Licensing, Director - Corporate, Policy, Strategy & Technology	Q4 2024	AGS, Courts Service
33.	Establish on a pilot basis 3 Programme Enabler Expert Groups (Funding, Data, Legislation) in phase 1 of the RSS to ensure timely and effective delivery of interventions by providing specialist knowledge and guidance to accelerate progress at an operational level.	Department of Transport, Road Safety Authority, An Garda Síochána	DoT Principal Director - Corporate, Policy, Strategy & Technology, Director - Finance & Commercial Services, Commissioner of An Garda Síochána	Ongoing	HSA, OGCI0, Stakeholders

Safe System priority intervention area: post-crash response

Post-crash response concerns the rescue, treatment and rehabilitation of survivors of road traffic collisions and aims to reduce the severity and consequences of injuries should a collision occur.

This involves the use of efficient emergency notification systems, the safe and timely transportation of qualified medical personnel and the correct diagnosis and stabilisation of the patient at the scene. It also includes the safe transport of the patient to the most appropriate facility for treatment, quality emergency room and trauma care, access to specialised rehabilitation services and supports for casualties' families.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
34.	Establish and implement a Trauma Triage and by-pass protocol to ensure road traffic collision trauma patients have a clear pathway to appropriate care in the trauma system.	Health Service Executive, National Ambulance Service	CEO HSE, Director NAS	Ongoing 5/7 years	DoH
35.	Ensure the appropriate specialist trauma care team is in place in the two Major Trauma Centres to receive road traffic collision trauma patients, to provide specialist care and treatment in line with specific profiles of injury, to ensure the best possible outcome.	Health Service Executive, National Office of Trauma Services	CEO	Q4 2022	DoH
36.	Ensure definitive trauma care and rehabilitation pathways are in place once the road traffic collision patient has been stabilised so that the appropriate care, rehabilitation, and support is in place so they can lead as productive a life as possible post injury.	Health Service Executive, National Office of Trauma Service	CEO	Ongoing 5/7 years	DoH
37.	Provide emotional and psychological care and support to victims, families and emergency response team affected by a road traffic collision to ensure that they receive the appropriate care and support to recover from their traumatic experience that helps to lessen the impact of the event.	Health Service Executive	CEO	Ongoing	-
38.	Examine the role of the family liaison officer in respect of support and provision of information in relation to fatal and serious Road Traffic Collision and make recommendations.	An Garda Síochána	Commissioner of An Garda Síochána	Q1 2022	-

Safe System priority intervention area: safe and healthy modes of travel

Safe and healthy modes of travel acknowledges that there is a substantial difference in fatal and serious injury risks across different modes of travel.

It involves the promotion of the safer modes (e.g., public transport, such as bus and rail travel), and the promotion and provision of safe road environments for otherwise healthy, active modes. This includes walking and cycling, where the risks in the event of a collision are more serious than for protected in-vehicle road users.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
39.	Develop a National Cycle Network plan for interurban rural cycling and walking, providing connections to active travel networks and Greenways. Develop an implementation plan for delivery in Phases 2 & 3 of the Road Safety Strategy.	Transport Infrastructure Ireland	CEO	Q4 2022	CCMA / LA's
40.	Continue to implement an active travel infrastructure scheme where Local Authorities can apply for funding to develop improved active travel infrastructure.	Department of Transport	Principal	Q3 2021	NTA, TII, CCMA / LA's, DHLGH, DRCD
41.	Encourage modal shift to support Environmental, Safety and Health objectives by promoting the use of sustainable and active modes of travel.	Department of Transport	Principal	Annual	NTA, Irish Rail, Bus Éireann, RSA
42.	Promote and support an expanded Cycle Right training programme which includes online theory and practical skills for children and adults.	Department of Transport / Cycling Ireland	DoT Principal, CEO Cycling Ireland	Annual	RSA, An Taisce, CCMA / LA's
43.	Conduct a review of road traffic policy and legislation to prioritise the safety of walking and cycling.	Department of Transport	Principal	Q4 2023	NTA
44.	Conduct a case study of countries that have adopted mechanisms to reduce traffic (for example car free streets in urban areas) to enhance the safety of other road users and make recommendations for Ireland.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Q4 2022	DoT, CCMA / LA's, TII, NTA

Safe System priority intervention area: safe work-related road use

Safe work-related road use involves the planned, systematic safety management of work journeys on the roads, aiming to reduce the risk of death and serious injuries. It includes journeys made using publicly or privately owned or leased motor vehicles (including motorcycles), as well as cycling or walking.

It aims to ensure those driving for work have the training and resources to do so safely. It also involves the improvement of commercial vehicle enforcement measures and ensuring that employer road safety policies and vehicle safety standards are a key focus, including in procurement competitions.

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
45.	Develop a protocol, underpinned by legislation, to allow the sharing of information and data, including personal data, between the HSA, An Garda Síochána and the RSA, to assist in the identification and investigation of non-compliance and non-adherence to statutory responsibilities in relation to vehicle maintenance, work-related vehicle safety and driving for work.	Health and Safety Authority, Road Safety Authority, An Garda Síochána	CEO HSA, RSA HR Manager, Commissioner of An Garda Síochána	Q4 2024	DoT
46.	Develop enhanced enforcement powers for An Garda Síochána and RSA Transport Officers to deal effectively with commercial vehicles including the adoption of fixed charges.	Road Safety Authority	Director - Vehicle Standards & Enforcement	Q4 2022	DoT, AGS
47.	Engage with academic, business, civil society, and the insurance industry to promote road safety across all sectors of the community, including encouraging these entities to sign up to the European Road Safety Charter.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Annual	Stakeholders
48.	Develop, oversee, and deliver a voluntary Driving for Work Standard (DFWS) and training programme in collaboration with industry and employers.	Road Safety Authority	Director - Driver Testing & Licensing	Q4 2024	HSA

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
49.	Develop joint national intervention (education & enforcement) strategy on work related road safety.	Health and Safety Authority, Road Safety Authority, An Garda Síochána	CEO HSA, RSA HR Manager, Commissioner of An Garda Síochána	Q1 2023	-
50.	Conduct a feasibility study and make recommendations on the introduction of an earned recognition scheme for commercial vehicle operators, giving criteria based points for those operators in public procurement competitions.	Road Safety Authority	Director - Vehicle Standards & Enforcement	Q4 2022	DoT, AGS, OGP, Bus Éireann, Dublin Bus, HSA, DoE

51.	Develop a Network Safety Analysis for the regional road network, which will assist identification of sections of regional roads with the highest risk of fatal or serious injury.	Department of Transport	Principal	Q4 2022	CCMA / LA's
52.	Develop a Network Safety Analysis (Stage 2) for the regional road network, which will include the design and prioritisation of remedial works for sections of regional roads with the highest risk of fatal or serious injury.	CCMA / LA's, Department of Transport	LA Chief Executive, DoT Principal	Ongoing to Q4 2025	-
53.	Examine the implications of the installation of median barriers on roads with speed limits of 80kmh or more and make recommendations. (SPI 1)	Department of Transport, Transport Infrastructure Ireland	DoT Principal, CEO TII	Q4 2024	CCMA / LA's
54.	Establish a Department led standing co-ordination group to oversee Guidelines and Standards for roads, traffic, cycling and active travel to ensure: <ul style="list-style-type: none"> ■ Safe System Approach ■ Consistency ■ Quality / Audit ■ Education / Training 	Department of Transport	Principal	Q4 2022	TII, NTA, CCMA / LA's
55.	Update the National Cycle Manual (NCM) to incorporate updated cycle scheme design guidance aligned with the safe system approach including appropriate training.	Department of Transport, National Transport Authority	DoT Principal, CEO NTA	Q2 2022	TII, CCMA / LA's
56.	Review and make recommendations on facilitating cyclists and pedestrians at junctions, including measures that do not require powered traffic signals.	Department of Transport	Principal	Q4 2022	NTA, TII, CCMA / LA's, RSA

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
57.	Conduct a pilot (with supporting infrastructure) to examine the feasibility of introducing a 'cyclist turning left on red' provision. Take into account best international practice around other cycling priority measures and make recommendations.	Department of Transport	Principal	Q4 2022	-
58.	Review the effectiveness of the Heavy Good Vehicle (HGV) ban in Dublin City with a view to consider similar workable initiatives in other urban cities.	CCMA / LA's	Chief Executive	Q4 2022	-
59.	Conduct a national survey on school gate safety for bus collections and make recommendations to inform an action plan.	Bus Éireann, National Transport Authority	CEO Bus Éireann, CEO NTA	Ongoing to 2025	CCMA / LA's, DoE, Boards of Management, RSA
60.	Identify unusually high-risk areas on existing bus routes (for large vehicles) to inform improvement route plan priorities.	Bus Éireann	CEO Bus Éireann	Q4 2022	CCMA / LA's, NTA
61.	Complete a minimum of 70% of LA 16 Collision Reporting and Evaluation Procedure forms where a fatality, or collision that is likely to become fatal, has occurred.	Department of Transport, An Garda Síochána, CCMA / LA's	DoT Principal, Commissioner of An Garda Síochána, LA Chief Executive	Q4 2024	TII, DoT Support Office
62.	Provide timely and appropriate road traffic collision data to local authorities, and agencies with responsibility for road improvement and maintenance, to inform their work.	Road Safety Authority	Director - Road Safety, Research & Driver Education	Annual	DoT, LGMA, AGS
63.	Review and make recommendations for the provision of a dedicated road safety engineering resource in each Local Authority to progress road safety schemes and strategy actions.	Department of Transport, Transport Infrastructure Ireland, CCMA / LA's	DoT Principal, CEO TII, LA Chief Executive	Q1 2022	-

Action No.	Action	Lead Department or Agency	Responsibility	Due Date	Support Department or Agency
64.	Provide training to designers, project managers, engineers and local authorities on the delivery of safe designs based on the Design Manual for Urban Roads and Streets (DMURS) and the National Cycle Manual (NCM).	Department of Transport	Principal	Q4 2022	TII, NTA, CCMA / LA's
65.	Embed the Safe Systems approach within Transport Infrastructure Ireland standards and guidance documents.	Transport Infrastructure Ireland	CEO	Q4 2022	-
66.	<p>Deliver training to key stakeholders;</p> <ul style="list-style-type: none"> ■ to provide guidance to An Garda Síochána and Local Authority staff on collision analysis and reporting from an engineering perspective. ■ to provide guidance on the design of roads utilising the safe system approach. 	Transport Infrastructure Ireland	CEO	Q4 2024	AGS, CCMA / LA's
67.	Further develop camera-based enforcement by the Gardaí, including at junctions and for management of bus/ cycle lanes, building on existing and recent legislation through establishing suitable cross-agency administrative arrangements; and, where any legislative issues are identified, to consider and develop agreed proposals to remedy them.	Department of Transport	DoT Principal	Q4 2022	NTA, AGS, TII, CCMA / LA's
68.	Each Local Authority to publish/ renew their prioritised plan on road building construction and maintenance (including footpaths and cycle lanes) on an annual basis.	CCMA / LA's	Chief Executive	Annual	DoT
69.	Tender and implement the upgrade of public lighting to appropriate standards using LED lighting to improve visibility and enhance safety for road users.	CCMA / LA's	Chief Executive	Ongoing to Q4 2026	DoT
