

Weigh your child to find out what type of seat would suit them

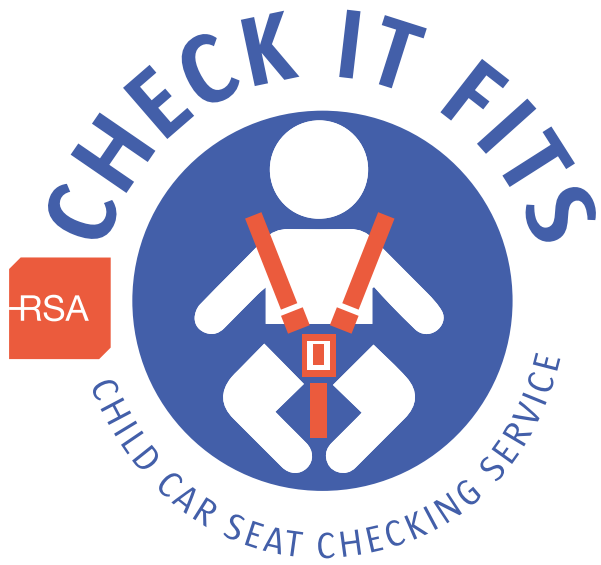

It's the Law

<150cm

<36kgs

All children **under** 150cms or 36kgs must use a child car seat appropriate to their weight and height.

The Road Safety Authority has introduced 'Check it Fits' in response to a frightening statistic that shows that as many as 4 out of 5 child car seats are incorrectly fitted which can result in serious injury or worse, a fatality in the event of collision.

The RSA 'Check it Fits' service is a full-time, nationwide, free expert service which aims to put parents', grandparents' and guardians' minds at ease that their child's car seat is safely and securely fitted in their car.

The service is quick. It's easy. It's free and it is travelling around the country. Our experts will advise on how to fix any problem, demonstrate how to fit the restraint correctly and answer and queries participants might have.

Log onto www.rsa.ie/checkitfits to see when Check it Fits is in your area.
