**Vilhelmina Taxi**

SWEDEN

Vilhelmina Taxi was founded 1960

Started with local taxi services with 8 cars

First bus was bought 1984

1990 started to expand in the county

Today we have 55 buses and 14 taxis

1 of december sold to the Norwegian company Boreal

The first alcoloc were installed 1999 in sweden as a project

The same year the project with conditional driving license started

Rutins for calibration and service began to take shape

Calibration in Sweden is every 12 months

50,000 commercial alcohol locks in operation in Sweden

In our company we started to install alcoloc in 2022

Today every procurement in sweden requires alcoloc

Installation is very easy these days compared to the begining.
