Professional bus or truck drivers Certificate of Professional Competence (CPC)

What are the rules for driving a bus or truck professionally in Ireland?

Professional truck and bus drivers with qualifications obtained in the Ukraine will be temporarily recognised in the EU, however the following conditions apply in Ireland.

You must:

- hold a verified Ukrainian driving licence for the vehicle you wish to drive.
- hold a verified Ukrainian driver Certificate of Professional Competence (CPC)
- complete compulsory training and any checks, as required

More detailed information on becoming a professional bus/truck driver in Ireland is available on <https://www.rsa.ie/services/professional-drivers/cpc>

I have an EU truck/bus licence and Driver CPC. Can I drive professionally in Ireland?

If you previously exchanged your Ukrainian licence for an EU licence and hold a CPC qualification, you can drive professionally in Ireland until the expiry date of your licence or CPC card (whichever expires first). After that time, you are not allowed to drive professionally.

Can I renew my EU licence and CPC qualification in Ireland?

This depends on the following:

- If you're resident here and hold an EU licence which you originally exchanged from a Ukrainian licence, this can't be renewed in Ireland.
- If you're resident here and hold an original EU licence (obtained your qualification within the EU) this licence can be renewed in Ireland. You can also complete training here to renew your driver CPC qualification.

Information about renewing your licence is available at:

www.rsa.ie/services/licensed-drivers/driving-licence/manage-your-licence

More information on CPC training and qualification is available on:

www.rsa.ie/services/professional-drivers/cpc

I hold an EU licence and completed CPC training in an EU country. Will I get credit for this in Ireland?

If you completed all CPC training in another EU country, you need to apply for a CPC card from that country.

If you completed some training in an EU country, we will need to see evidence of this and will review your documents. For more information please visit:

www.rsa.ie/services/professional-drivers/cpc/foreign-cpc-drivers

I hold an EU licence and CPC qualification, but don't have proof. What should I do?

If you don't have a Driver CPC card or 'Code 95' on your licence, you must start the CPC qualification process here in Ireland.

Do I need to pay any vehicle tax when I enter Ireland?

Ukrainians can apply for an exemption from this where a vehicle is temporarily brought into Ireland, known as a 'vehicle temporary exemption'. For further advice or contact details please visit www.revenue.ie

Vehicle safety

Do I need to get my Ukrainian vehicle roadworthiness tested?

If your car has Ukrainian number plates you don't have to get it tested. It only becomes subject to testing when it is registered in Ireland. However, by law you must always keep your vehicle in a safe and roadworthy condition when used on Irish roads.

If I register my car in Ireland, do I have to get it roadworthiness tested?

Yes. Once you register your Ukrainian car in Ireland, it must be roadworthiness tested i.e. it must undergo a National Car Test (NCT). The test due date will be based on the date the car entered Ireland. Once your car reaches four years old, it will need to be tested. Once your vehicle is four years or more, you must apply for a NCT right away. Please contact the National Car Testing Service (NCTS) at 01 4135992 or book a test online at www.ncts.ie
